EAR # _____

Application to the Historic Preservation Commission

Check the Appropriate Requested Action:

Informal Review

- o Discuss with Staff and the Commission preliminary design ideas for a project. The Commission will address the appropriateness of the proposal and provide guidance.

Administrative Review Certificate (ARC)

- o Meet with staff to discuss projects eligible for administrative review, such as in-kind replacement of deteriorated features, minor work not impacting the architectural character, or repairs and in-kind restorations etc. (see attached Minor Work Items Chart attached)

Emergency Approval Review (EAR)

- o Meet with staff to qualify the level of emergency of the repairs and replacements
- o One or more Commissioner will confirm (site visit may be required) in addition to Staff

Formal Review- (Certificate of Appropriateness / HPC-CoA)

- o Requires a full review by the Historic Preservation Commission
- o Typical projects that apply (please check relevant sections below)
 - Construction of any new buildings, additions, or accessory structures
 - Exterior Building Alteration (facades, roof, porches, entrance stoops...)
 - Signage or Graphics
 - Landscaping/Fencing/Patios/Paving
 - Demolition/Moving a Structure/Removal of a character defining feature
 - Other:

Note: Please refer to Administrative / Minor Works Item chart attached for details on HPC-CoA requirements

Please complete the following checklist of required elements to complete your application.

Attachments Checklist: In order to ensure completeness of your application, please complete the following checklist of required documentation. *Any application without the necessary documentation and deemed incomplete by staff will not be accepted nor presented at the HPC hearing.*

Required Documentation:

For All Applications (HPC-CoA, ARC and EAR):

___ **Completed/ signed application form**

___ **“Before” photos** of existing conditions, should show the entire site, plan and elevation where the work is to be completed.

___ **“After” photos/drawings/renderings;** should indicate what the property will look like after proposed work is completed.

___ **Specifications and/or materials brochures** describing in detail the manufacture, material, proportions and details of all new proposed elements of repair, replacement or new construction

For New Construction, Addition or Demolition

___ **Site plan, to scale.** A site plan should include: property lines, lot dimensions, fence location, fence length and height, existing structure(s), existing or proposed porches, decks and outbuildings, right-of-way or access easements on the property (even if not in use), distance from property lines, and location of surrounding roads.

___ **Floor Plans** (showing existing conditions, demolition and new construction)

___ **Dimensioned elevation drawings** of all sides affected (including any demolition & new construction)

___ **Construction Details** (including all materials specifications, ornamental elements, special features)

For Fences, Porches and Site Improvements (decks, garages, sheds, pergolas)

___ **Site plan, to scale.** A site plan should include: property lines, lot dimensions, fence location, fence length and height, existing structure(s), existing or proposed porches, decks and outbuildings, right-of-way or access easements on the property (even if not in use), distance from property lines, and location of surrounding roads.

___ **Drawings/photographs** of proposed alteration and modifications to site

___ **Material specifications** including picture or product brochure of proposed product, as well as specification sheet for construction materials and pre-fabricated elements

Solar Panels

___ Roof plan, to scale, showing the location of all panels on the roof

___ Elevations of locations with solar panels

___ Photos of "before", and if possible "after" conditions viewed from street level or rights-of-way

Signage

___ Dimensioned drawing/rendering of proposed sign and placement on the building

___ Photos of streetscape, including surrounding signage if applicable.

Modifications to mature trees and significant natural landscape features

___ Photos of existing conditions as they relate to the streetscape

I have reviewed, and I understand the applicable HPC guidelines for my project.
