TO: City Council *DD*
FROM: David Deutsch, Acting City Manager
SUBJECT: Refuse Collection
DATE: April 8, 2022

This subject was discussed at a recent meeting. Staff has reviewed the issues, and it is our recommendation that the City request a six-month extension to the Chesapeake Waste contract. This extension would change the contract terminal date to December 31, 2022. This change will allow time to make sure we have the most appropriate bid document.

At the same time, staff can also develop updated cost information related to a return to in-house service.

In summary, your support is requested to authorize staff to seek a six-month extension of the Chesapeake Waste contract.
