

Municipal Utilities Commission

Notice To Residents

On Thursday, April 27, 2017, MUC will be doing maintenance on the water main at the corner of Dorchester Ave. and Bramble St. To isolate this main, the water will be shut down from Washington St. and Dorchester Ave. to 329 Dorchester Ave. and over to Bramble St. and Rt. 50. To reduce any inconvenience to residents, we will be starting construction around 6 AM. Water service should be restored by 12 noon the same day.

If you are in or near this construction, you should plan for this event as well as possible.

Also, as a result of this construction process, residents may experience temporary discoloration of their water. This discoloration consists primarily of harmless silt and air, and does not affect the safety of your water. If you experience discoloration in your water, clear the pipes in your home by running all water faucets for a few minutes. If the discoloration persists for more than 24 hours please contact Municipal Utilities at 410-228-5440.

IF YOU SEE A CREW WORKING, PLEASE DRIVE CAREFULLY
