

The Voter Reform Memorial Signage Support

The **Historical Freedom Shrine Advocacy Team** is completing an application from the **Maryland Transportation Commission**. The purpose of the application is to apply for the **Birthplace of Voter Reform Memorial Signage**. The Team is working very closely with our Delegate, Johnny Mautz, who is very supportive in helping us through the process. Dr. Carl S. Barham, Co-leader is the contact person working with Delegate Mautz. Thus far, he has connected Carl with the appropriate officials in the State Office of Government Affairs that will guide him through the process for getting the application approved.

The acceptance of the Birthplace of Voter Reform Memorial Signage is consistent with and supportive of our mission statement. That is, to educate the public, to celebrate and to preserve the historical freedom shrine story for present and future generations within the county and beyond the state of Maryland.

Our dream is to have signs on the state highways route 50 near Easton and off of 331 south regarding the **Maryland Monument for Voter Reform: The Historical Freedom Shrine**. This initiative is another way of letting the public know about our rich political history. It also has tremendous positive implications for tourism.

We welcome and appreciate your support letter or comments to include in our application.

Please email your comment to: cpestherapist3@verizon.net or mail your comments to Dr. Carl S. Barham, 5629 Sheerock Court, Columbia , Md. 21045, in a timely sensitive manner.
