1. **Comptroller Franchot Visit:** June 16th approx. 5:30pm. Need to develop a list to City and County project priorities. Sandra will prepare agenda items that the City has, and Jeremy will prepare the County's.
2. **Interstate Corrpac:** Rail service has been discontinued due to problems with the tracks. Interstate Corrpac was using the rail to bring in products i.e. wax, and palm oil. Md Commence Department is financially assisting them due to the sudden shut down of the rail. Interstate Corrpac could have to do major renovations to retro fit due to trucking in their products instead of by rail. Interstate Corrpac is looking to possibly expand.
3. **Economic Development Strategic Plan Update:** City is updating its plan, would cost County \$13,000 to join efforts as a partner of this plan. There would be at least 2 focus group meetings i.e. businesses with 100 employees or more, and with 50 -100 employee. County would take lead, need to include Hurlock.
4. **Maces Lane School (old school):** As it turns out, County doesn't own the facility it's still in the name of the church. County will cut the grass etc.
5. **Hearn Building Update:** County will take care of cutting grass behind buildings including 505 and 507 Race St., and if we have a concern, we should let them know. Kevin Hill will board up windows, and install black fencing as discussed with him.
