

Council Agenda Report

Date: August 8, 2016

Prepared by: George W. Hyde, PE, City Engineer

Submitted by: Oden C. Wheeler Jr., Director DPW 

SUBJECT: Request to Go to Bid for Annual Street Resurfacing Contract

Recommendation: That Council:

- A. Authorize the Dept. of Public Works to go to bid for the City's annual street resurfacing contract; and
- B. Approve the attached list of recommended streets to be resurfaced.

Discussion:

There are approximately 70 miles of City maintained streets within the municipal boundaries of Cambridge. The expected service life on an asphalt street is about 20 years. In order to maintain a 20-year cycle on resurfacing all our streets, we need to be paving approximately 3.5 miles per year. Due to budget constraints, we have averaged approximately 1.6 miles of resurfacing per year over the past 10 years. Based on current paving prices and the amount budgeted in FY 2017 for resurfacing, we again expect to resurface about 1.6 miles of streets.

While the list of streets needing work is very long, the attached list is our recommendation of streets to be resurfaced based on their state of deterioration. Also, we have tried to keep a moderate balance of work between the five wards. We anticipate completing this work in the months of October and November.

Fiscal Impact:

The FY 2017 Budget includes \$250,000 for street resurfacing. The project will be bid on a unit price basis so that we can control the cost and not exceed the budgeted amount.

Approved by: Sandra Tripp-Jones, City Manager 

FY 2017 Recommended Paving List (Revised)

Street Name	From	To	Approx. Cost	
Somerset Ave.	Glasgow St.	Tubman St.	28,300
