- B. The Planning Commission shall only approve a proposed Preliminary Plan if it finds that such Plan meets the purposes and standards of the NC-3 Overlay District set forth herein.**
- C. Any departure from the proposed Preliminary Plan without approval by the Planning Commission shall be cause for revocation of the approved NC-3 Overlay District development application and any permits approved. Any material change proposed to an approved Preliminary Plan shall be submitted for approval in accordance with this section. If the change is minor, as determined by the Zoning Official, the change may be approved administratively.**

- B. As part of the Permitted Use with Conditions process, and for the purposes of assessing the owner/applicant's ability to successfully initiate and complete the project, the owner/applicant shall provide a detailed development pro forma to the Planning Commission and documentation of the owner/applicant's financial ability to complete the project to the City Finance Director, the City Attorney, and the City Manager for their review and approval in conjunction with the development application. Such documentation of the owner/applicant's financial ability to complete the project shall be considered a confidential document and not available to the general public or any other City official; provided, however, that the City Finance Director, the City Attorney, or the City Manager may submit written approval of the same to the Planning Commission, which shall be available to the general public.**
- C. If the owner/applicant has requested or received State historic tax credits for the renovation of the school building, a copy of such request or proof of such receipt, including any provision requiring rental units as a condition of the tax credits, shall be included in the Preliminary Plan application, and the owner/applicant shall promptly notify the Planning Commission of any updates. F. No building or use shall occupy the location other than as indicated on the approved Preliminary Plan.

G. All substantive changes, including, but not limited to, changes in land use and use locations or building materials, shall require amendments to the Preliminary Plan and are subject to review and approval by the Planning Commission as set forth in § 4.3.7(D) of this Ordinance.

H. All development is subject to Historic Preservation Commission architectural review.

SECTION 2. The recitals to this Ordinance are incorporated herein and deemed a substantive part of this Ordinance.
