**WHEREAS**, following a public hearing held on July 6, 2021, the City of Cambridge Planning Commission (the “Planning Commission”) recommended that the Commissioners of Cambridge approve the foregoing text amendment as introduced on June 14, 2021; and

**WHEREAS**, on July 12, 2021, the Commissioners of Cambridge held a public hearing regarding the foregoing text amendment, notice of which was published on June 25, 2021 and July 2, 2021 in the Star Democrat, a newspaper of general circulation in the City, in accordance with Md. **WHEREAS**, having considered the recommendations of the Planning Commission and the Department of Planning and Zoning Staff, as well as the comments made during the July 12, 2021 public hearing, the Commissioners of Cambridge find that it is in the best interest of the City to amend § 5.1.1(C), Table 3 (Dimensional and Density Requirements) of the UDC for the purposes of limiting the number of units per square feet for certain uses and establishing dimensional requirements in the DWDD – Core Subdistrict; and

With respect to the substantive provisions of this Ordinance set forth in Section 1, language added after the date of introduction is in bold, italicized font and language deleted after the date of introduction is crossed out with a double strikethrough.

## Council Agenda Report

**Date:** June 14, 2021  
**Prepared by:** Pat Escher, A.I.C.P., Division Manager

**SUBJECT:** An Ordinance of the Commissioners of Cambridge, Maryland amending § 5.1.1(c), Table 3 (dimensional and density requirements) of the City's Unified Development Code for the purpose of limiting the number of units per square feet for certain uses in the Downtown Waterfront Development District – Core Subdistrict; providing that the title of this Ordinance shall be deemed a fair summary and generally relating to zoning in the City of Cambridge.

**Recommendation:** That Council

- A. Introduce Ordinance No. 1184 by reading of title only; and
- B. Schedule July 12, 2021 for second reading, public hearing and adoption of Ordinance No. 1184.

**Discussion:**

- I. **THE COMMISSIONERS OF CAMBRIDGE:** The Commissioners of Cambridge request an amendment to the City Unified Development Code to amendment Section 5.1.1 3. Table 3 to set density requirements for the 500 block of Race Street within the Core-Subdistrict of the DWDD.
- II. **DISCUSSION:** The 400 block of Race Street consists primarily of two and three story buildings on compact lots which allows for higher residential densities. In contrast, the 500 block of Race Street transitions to primarily of one and two-story structures with the exception of two - 3 story buildings. The overall building heights and densities on Race Street continue to decrease within the 600 block as you continue south away from the historic core. The intent of this amendment is to acknowledge this transitional nature and protect the historic fiber. Currently there is no density cap within the Core-Subdistrict and with unrestricted density there could be a proposed development that would not be consistent with the transitional nature of this City block as Race Street continues away from the historic core.

Additionally, any new construction or rehabilitation of any structure on the 500 block of Race Street shall be restricted to the historic building footprint to preserve the historic integrity of the neighborhood.

As this is a request from the Commissioners of Cambridge, this request, if approved, will be sent to the Planning Commission in Ordinance form for a public hearing. Pending that review, the Ordinance may be sent back to Council for a public hearing on July 12<sup>th</sup>.
